Dear Kate,

On behalf of the Board of Directors, the staff, and the students who ultimately benefit from the ESCO Technologies Foundation's generosity, thank you for supporting the Old Stone Education Center.

For our students the possibility of a better life begins with education. Yet each year more students are struggling to make ends meet and stay in school. The Old Stone Education Center has managed to refrain from charging enrollment fees and has provided transportation, parking and childcare for students – all of which are barriers to our students success. With your philanthropic investment, we have the ability to make it easier for our students to succeed and promote academic achievement. Because of your support, we make it possible for our students to continue their academic dreams and grow both personally and professional through all of the programs we offer.

Please accept in this letter my gratitude for supporting the mission of the Old Stone Education Center. Thank you again for allowing us to inspire, educate and provide the opportunity to achieve.

With gratitude,

A handwritten signature in black ink that reads "Traci E. Felder Thank you so very much!!". The signature is written in a cursive, flowing style.
